

Welcome to White 11

We Support Your Healing and Safety

Unit Quiet Hours

“Resting is Healing”

2 to 4 pm in the afternoon

9 pm to 7 am at night

Please help us to make the unit as quiet
and restful as possible.

Hourly Safety Rounds

“Safety is Our Culture”

We will stop by to see you every hour to:

- Ask about your pain
- Change your position and make sure you can reach any needed items
- Help you to the bathroom or meet any other personal needs

We want to ALWAYS meet your needs.

Please ask any member of the care team for help if there is anything you need.

**Thank you for choosing MGH
for your care!**
